## **REASONS FOR ALLOWANCE**

## The following is an examiner's statement of reasons for allowance:

Claims 1-2, 4-19, 21-23 are allowed because none of the prior art alone or in combination teaches or suggests the particular subset of the process steps in forming the first immersing being the initial step in the electroplating and a continuous operation in which the first current flow and the first current density are constantly maintained as claimed in claim 18 (noted that claims 1 and 21, see final office action).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
